Oct. 15, 1958.

Dear Doc:

Your first letter arrived while I was away in Okla. & Ark. Then I had a guest here for a few days and am just getting down to near the top of the desk-- can see "ground". It is good to know that the operation went quite according to Hoyle, and that you are very much on the mend again. Will look forward to your next visit-- unless I get down your way first.

Tom Djilsky phoned a few minutes ago from Baytown-- is up here on his "short" vacation-- will be here Friday-- in the meantime, I'm sure that he will be looking you up-- of course, it may be but for you, and "two" to get another glimpse of the good looking daughter.

SEG is having their party at SA this week-- was down yesterday to interview one of them-- but did not attend any of the meetings-- too far over my head. Was born just todssoon.

Must get on-- lots of luck, and ALL GOOD--

Sincerely,
