Dr. John R. Sandidge  
Magnolia Petroleum Company  
1704 Alamo National Building  
San Antonio, Texas

Dear Sandidge :

There is in San Antonio with the air forces Dr. Charles W. Bell who is somewhat without acquaintances in San Antonio. I believe it would be a very friendly thing to do to get acquainted with him and keep him interested in the meetings of the South Texas Geological Society. I believe you will be highly interested in meeting Bell who is one of the finest men we have on the staff.

Cordially yours,

H. B. Stenzel, Geologist

HBS:MJC

P.S. His address in San Antonio has slipped me but Bill Curry has his address.

H.B.S.
