

Thursday evening

Dear Emmott,

Will send a copy of BM Alumnus Bull -  
but it won't cost me anything - will be de-  
lighted to convey your appreciation to Mrs Fox  
and Miss Jelby. Rhys wrote them about it  
and they are very pleased with themselves -  
this will make them more so.

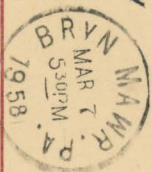

Can't guess how 1245 now reads - it cer-  
tainly will be confusing if it is not  
wa-wa]so-i pa-[ko-we  
e-[ti-we.

Apparently Marinatos wants to get his  
tablet off his hands as soon as possible.  
But maybe Chadwick will simply take over  
Mycenaean T1 when he goes to Greece. Any-  
way, they don't seem to be remarkably  
revealing. Maybe Mr. Marinatos does  
not have CWB-type scraps.
