

TEXAS CHRISTIAN UNIVERSITY  
FORT WORTH, TEXAS

August 30, 1948

Dr. H. B. Stenzel,  
Bureau of Economic Geology,  
University of Texas,  
Austin, Texas.

Dear Dr. Stenzel:

After talking with Dr. Henricks on his return to the University I believe that it will be better for me not to try to come to Austin this week. However, I am very anxious to talk with you and will greatly appreciate any suggestion you may offer me.

If you think that you will be in your office on September 13 or 14 I would like to have an appointment with you at that time. If this time is agreeable with you I will make plans to come down after I return from New Orleans.

Thank you for your consideration and I will wait for confirmation on the time of appointment.

Sincerely,

*Bill Matthews*
