Dear Stenzel -

I am considering going to the
A.A.P.B. meeting in Chicago.

Are you planning to be there?

I haven't figured out when I
will be over to Austin but hope
that it will not be long.

Have been spending most of my
time working on a proposed Institute
of Agriculture Industry and
Natural Resources (Museum).

There are some hopeful signs

F.E.T.

am still looking around.
