

February 8, 1949

Dr. R. Soyer
Muséum National D'Histoire Naturelle
61, Rue de Buffon
Paris V, France

Dear Dr. Soyer:

In your letter of June 13, 1947, you stated that your book written with Dr. Furon, *Paléontologie du Bassin de Paris (Tertiaire)*, would appear in September, 1948. I wonder whether that book has been published now? If it has been, could you let me know where I might obtain a copy and how much it would cost.

I have not been able to find enough time to work on the oysters but hope to get to them this spring.

With best regards,

Sincerely yours,

H. B. Stensel
Geologist
