Mr. George L. Howe,
608 East Third Street,
Albany, Oregon

Dear Sir:

I am in receipt of the box of twenty-seven fossils which you sent recently. The fossils are indeed excellent considering their preservation. I am very glad to have this set in my collection and send you in return twenty-seven species as per attached list. I trust this exchange will be to our mutual benefit.

Very truly yours,

HES:EW

H. B. Stenzel,
Professor of Geology
