

SOYER

July 16, 1962

Dr. Robert Soyer
Museum National d'Histoire Naturelle
61, Rue de Buffon
Paris V^e, France

Dear Dr. Soyer:

It has been a very long time since we corresponded. However, you have presumably received a copy of my publication on the "Pelecypoda from the type locality of the Stone City Beds", which was sent to you in 1957 or 1958.

This year, there is a "Colloque sur le Paleogene" at Bordeaux in August and September. I plan to attend and at the same time to visit Paris. In Paris I would like to inspect some of the fossil and modern oysters, on which I am working now, and to use the libraries. Would it be possible for you to help me a little in this task?

It will be a great pleasure to meet you.

With best regards,

Sincerely,

H. B. Stenzel
