DEPARTMENT OF GEOLOGY
LAWRENCE

July 10 1941

Dr. H. B. Stenzel
Bureau of Economic Geology
University of Texas
Austin, Texas

Dear Dr. Stenzel:

Your letter of July 3 has just been received. Definite action has not been taken in filling Dr. Landes position but the plans are so crystallized that unless they are overturned, I do not think that it is likely that we will enlarge the list of possible men to fill this position.

I have the highest opinion of your abilities, and should be delighted to have you associated with me in scientific research. I am not quite so sure how you would stack up as teacher of elementary classes. Do you like this sort of duties?

Sincerely

Raymond C. Moore
