

December 11, 1930

Mr. E. L. Lowe
Director of the Mississippi Geological Survey
University, Mississippi

Dear Sir:

One of the students from this school intends to spend his Christmas holidays near Smithville, Monroe County, Mississippi. I thought it would be a good idea if he could collect fossils from some of the famous localities of Mississippi.

Could I bother you for an exact description of the best fossil localities at Vicksburg, Jackson and near Smithville in the Cretaceous. I would like to have as exact a description as is possible so that the student will be able to find them without loss of time.

I hope this will not take too much of your time, and I thank you in advance.

Very sincerely yours,

HBS*SB

H. B. Stanzel
