Dr. H.B. Stenzel,  
P.O. Box 481,  
Houston 1,  
Texas,  
U.S.A.

Dear Sir,

Your letter of the 31st October 1962 was passed on to us by the South African Museum in Cape Town. We have pleasure in advising that a box of specimens has been forwarded to you under separate cover and that these have been tabulated and marked by Mr. Genade, who is marine research biologist in the employ of the Fisheries Development Corporation, and presently engaged upon research on behalf of this company.

We trust that these specimens arrive in good order and are of value to you.

Yours faithfully,

THE KNYSNA OYSTER CO. (PTY.) LIMITED

H.P. THESEN  
DIRECTOR.
