Professor Alice Kober,
Brooklyn College,

Dear Miss Kober,

I have discussed your draft of an article on Minoan with Henry Hoernigswald, and he agreed to write you about it. Since then it has occurred to me that I have made some changes in the paper of mine that he was to send you, and I have also thought of one additional matter.

I am sending you revised text of several pp. of my paper. I shall not need to have these returned.

Shouldn't you say something about the texts discovered at Pylos by Blegen just before the war?

Sincerely yours,

E. S. Stuart.
