Dr. Henry V. Howe  
School of Geology  
Louisiana State University  
Baton Rouge, Louisiana

My dear Dr. Howe:

In Lavedo you mentioned that you had a nautiloid from St. Maurice, Louisiana. Could you be so kind as to send me this specimen or any other specimens of Eocene nautiloids that you may have for study? I shall return them to you probably identified.

Very sincerely yours,

H. B. Stensel, Geologist
