

Havana, Cuba, December 26, 1934

Mr. H. B. Stenzel,  
Bureau of Economic Geology,  
University of Texas,  
Austin, Texas.  
U.S.A.

Dear Sir:

My friend Mr. F. de Zayas has given me your letter of Nov. 10th, in which you are interested in the exchange of mollusks.

I am very glad to exchange Cuban shells for species not in my collection. So I will appreciate very much you send me your list of duplicates. I am very interesting in the mollusks of your locality as I have very little material from there.

I am also enclosing my list of Cuban duplicates for exchange, trusting that you might find something of interest. Many of my duplicates are paratype material.

Hoping to hear from you soon, and that we can make many exchanges to our mutual satisfaction, I am,

Very truly yours,

DR. MIGUEL L. JAUME
