Duplicate rent receipts.

F.W.Bartlett

The reasons that I am attaching duplicates (instead of originals) of my rent receipts are that the payments are made at different dates than the rent 13th and 28th of every month and that I pay more than is charged to the company. The present arrangement proves the easiest way for me to adjust the conflicts. I would appreciate it if it could be continued. There is of course no question that the originals are available for inspection if needed and I may assure you that the originals will not be used in any other way.
