Dr. H. B. Stenzel,
P.O. Box 481,
Houston 1, Texas,

Dear Dr. Stenzel,

Your letter of January 17 came while I was away on vacation and was not received by me until last week.

I have today posted to you, surface mail, two very characteristic specimens of Exogyra intricata, extracted from the duplicate collections of The Albany Museum, Grahamstown. The entry is [Alb. Mus]: "collected by Prof. E. D. Mountain, 2 1/2 miles below the Addo Drift on the Sundays River".

The museum would appreciate your suggested exchange.

Yours sincerely,

A. J. Pennie

(Prof. J. V. L. Pennie).
