

March 21, 1950

Mr. H. A. Franke  
c/o Aluminum Ore Company  
1500 Mississippi Valley Trust Bldg.  
St. Louis, Mo.

Dear Mr. Franke:

After much debate and hesitation it has been decided to take that class of mine to Arkansas again. We intend to make the trip over the Easter Holidays as before. It ought to work out easier this time than last year. So we would be grateful to you if you could obtain permission for us to visit the Bauxite mines on Saturday, April 8, 1950. We hope to be on hand at 10 A.M. This year we shall not make the side trip to Magnet Cove. There will be about 30 persons altogether. The exact number is yet to be determined, but it will be very close to 30, say from 28 to 32. We do not anticipate any difficulties with housing; the tourist courts did quite well last year.

The trip last year was so good and instructive, that it seems we could not plan any better route than the visit to the Bauxite mines. There is plenty to learn there.

With best personal regards, I am

Sincerely yours,

H. B. STENZEL  
Professor of Geology
