Re: Committee for Reprinting Out-of-Print Issues of Bulletins

Dear Dr. Stenzel:

Bob Dott has agreed to continue as chairman of this special committee for the current year. He wants you to serve again with him.

You are an experienced hand at serving the Association. Those with a large backlog of efficient service in committee work are the ones on whom we rely to handle all the problems brought about by the continued growth of our organizations. It is a pleasure, therefore, to reappoint you a member of this committee for another year.

Sincerely yours,

Graham B. Moody
