PRESIDENT  
BEN C. BELT

February 4, 1957

Dr. Henryk B. Stenzel  
Geology Department  
University of Houston  
3801 Cullen Blvd.  
Houston 4, Texas

Dear Dr. Stenzel:

It is my pleasure to invite you to accept re-appointment as Vice Chairman of the Natural Resources Division of the Research Committee of the Houston Chamber of Commerce for 1957. Mr. John H. Wimberly has accepted the appointment as Chairman of the Research Committee and will, I am sure, bring a fine measure of leadership and guidance to the group's activities.

The Committee will meet Thursday, February 14 at 3:00 p. m. in the Board Room of the Chamber of Commerce.

You are, of course, familiar with the overall objectives of this Committee and the important place it holds in the Chamber's program of work. I am sure that during the coming year it will continue to make substantial contributions to community progress.

The Committee's 1957 program of work is enclosed. This, of course, is merely the starting point for the year's activities. The Committee may expand the program as opportunities arise for further service to the community.

I sincerely trust that you will accept this re-appointment. Please let me know.

Yours very truly,

*B. C. Belt*
