University of Texas
Austin, Texas

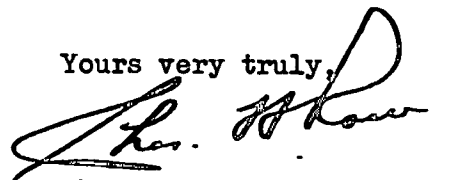

Dear Dr. Stenzel:

As you have noticed by the card which was mailed to you on Monday, plans are fully completed for the presentation of your paper on the deck of the Plaza Hotel in Corpus Christi on Friday evening, November 15, at about 8:00 o'clock. It will follow immediately the 7:00 o'clock dinner on that evening. I had fully intended to be present at that meeting, in fact had sent in my card asking for a reservation. I find, however, that I shall not be able to attend and am asking Mr. L. W. Storm, who is Vice-Chairman of the Program Committee, to see that the necessary equipment is there to aid you in the presentation of the paper. I have asked for a small projector for use in showing your Kodachrome slides and have asked also for a blackboard for your use.

Quite a number of the San Antonio geologists will be going down to the meeting and I am sure that the Corpus Christi area group will turn out in good numbers to hear your very excellent paper.

With best wishes, I am

Yours very truly,

Chas. H. Row
