W.A.A.F. ART AND HANDICRAFT EXHIBITION

A W.A.A.F. art and handicraft exhibition is being held at the National Portrait Gallery from July 24 to August 31.

The response has been magnificent and entries have been received from W.A.A.F. sections all over the United Kingdom.

Among the exhibits are oil and water-colour paintings, charcoal drawings, tapestry work, intricate embroidery of original design, exquisite needlework, pewter jewellery, and professional-looking toys.

Many of the officers and airwomen have worked under difficulty to complete their entries. They have snatched moments of their spare time to carry out delicate work, and have used a lot of ingenuity to obtain materials - often from discarded or otherwise useless scraps.

The exhibition will be open daily at the following times:

Monday to Friday	1 p.m. to 4 p.m.
Saturday	1 p.m. to 5 p.m.
Sunday	2 p.m. to 5 p.m.
