### [LatinXperts Episode 16: How Did COVID-19 Affect College Students' Learning and Financial Stability?](#)

Researchers discuss how COVID-19 drastically impacted Texas Latinx college students' educational experiences, including ability and motivation to learn, academic outcomes, and financial stability.

**Collaborators:** Vanessa Errisuriz, Marisol McDaniel, and Alice Villatoro

### [LatinXperts Episode 8: How is COVID-19 affecting Texas college students, and what can we do about it?](#)

The COVID-19 pandemic has greatly impacted daily life for Texas college students, increasing feelings of stress, anxiety, and depression and reducing opportunities to

engage in healthy behaviors. College campuses provide students regular access to mental health, food, and recreational services, but the reach of these services is currently limited. Strategic public health plans are necessary to address the emerging needs of students during this deadly pandemic.
