

January 24, 1944

Mr. Curtis J. Hesse, Curator  
A. & M. College Museum  
College Station, Texas

Dear Hesse :

I have not been able to go out to east Texas on account of some difficulties. Therefore, it has not been possible to see you to discuss our joint problem, the Burkeville paper. Presumably you have received Hanna's criticism. So far we are not supposed to do anything until we hear from the editor, Carey Cronis, directly. It seems for the time being we should sit tight.

Cordially yours,

H. S. Stenzel, Geologist
