

December 8, 1930

Mrs. Leila B. Aldrich  
506 W. Euclid Ave.  
San Antonio, Texas

Dear Madam:

I thank you for your explicit letter describing your find in Bandera County. I have been trying to find here at College the photographs you sent in 1924, but I have been unable to locate them; so I am unable to give you any information on your find. If you could be so kind as to send some pictures of the thing I might be able to tell what it really is. Of course, it may be that it will turn out not to be a fossil at all, but just a freak produced by weathering of the rocks.

Thanking you again for your information, I am,

Sincerely yours,

HBS\*SB

H. B. Stenzel
