Miss Joyce Allan  
Conchologist  
c/o The Australian Museum  
College Street  
Sydney, N. S. W.

Dear Miss Allan:

Thank you very much for your comments on the annotated bibliography. They are most welcome. The question of depth is well taken, because there seem to be indications in Dean's article that the depth given is excessive. The Philippine reference was unknown to me.

Sincerely yours,

H. B. STENZEL  
Geologist
