Thursday, November 21, 1968 -- 7:10 p.m.

Mr. President:

I have not wished to trouble you today, but you should know that the intelligence community is evaluating certain rather disturbing signals indicating possible Soviet movement into Rumania. You will recall that the earlier intelligence was shot down by the intelligence community as inaccurate; [redacted]

EO 12958
3.4(b)(1)>25Yrs
(C)

I take the

EO 12958 3.4(b)(1)>25Yrs attached CIA report rather seriously (Tab A)
(C)

It is still by no means clear that the Soviets are planning a move into Rumania or an enforced military movement into Rumania. But I believe you should be alert to the possibility.

Walt Rostow

EO 12958

P.S. A CIA evaluation of all this will shortly be available, which I shall forward.

(Now annex: Tab B) W.

Watch Committee meets at 8 pm.
