Dear Dr. Rodríguez:

Thank you very much for your prompt and explicit reply to my letter of October 22, 1963. I shall write to Lic. Rafael Martínez and send him samples of the larvae of Crassostrea virginica. However, it is advisable to postpone the shipment of the larvae until after the Christmas rush at the post office here.

He will be interested to know that I have finished a manuscript on mineralogical composition of these larvae.

With sincerest thanks,

Yours truly,

H. B. Stenzel
