Dr. Henryk B. Stenzel  
Bureau of Economic Geology  
University of Texas  
Austin, Texas

Dear Henryk:

Yesterday Dr. Vaughan suffered a second stroke that was more severe than the first one, which, as you know, happened sometime ago. He was not able to rally this time as he had done on the earlier occasion and died at 10:00 o'clock this morning.

Sincerely yours,

  
Harry S. Ladd
