Mr. H. B. Stenzel
Bureau of Economic Geology
Austin 12, Texas

Dear Mr. Stenzel:

Mr. Waters has just given me your very brief abstract on "Cretaceous Crabs, Lobsters, and Shrimps from the Vicinity of Dallas". Since this paper deals with something of considerable local appeal we would appreciate it if you could go into a little more detail, or at least let us have a plate showing what these animals look like.

I need not repeat my request of February 16th for your photograph to be run with one of your abstracts.

Thank you for your cooperation.

Yours truly

S. M. Aronson, Chairman
Publications Committee
