

MEMORANDUM

to ELB

Dec. 4, 1981

from TGP

How are you? Semester's end finally approaching here.

Must do a seminar in epigraphy for graduate students tomorrow. Have gotten out notes from HRI, ELB, AR, TGP. . . .

AIA lectures went well, especially at Fingert-leher and Rochester. Interesting discussions. Helpful to approach material from several perspectives.

Finished up general paper for ADAS. I enclose it. If you have time, please read through it and let me know whether there are any serious ^{over-}generalizations or faulty assumptions. Space & time were severely limited.

Also, I received official forms from Eirinn Campus.

Am going to write to ACLS for traveling money.

- ① Will you write a reference for me? Will send, when get.
- ② Do you know of other extra-university sources for travel money, to which I could apply.]

Date _____

I assume that you are going to San Francisco. There is an APA session on sound of Oh, Chaired by Patte w/ Stanford, Fenner. Will you go if you have time and let me know how it went. (Pick up handouts, etc.).

Morsha has new job. Sends regards.

PS Why not come to Phila. in March to the
Temple Univ. thing. (^{FRI} March 5). You can stay

w/ Mark & me, either before or after.

I want to go down to Phil. Thurs. March 4. Perhaps
