

August 28, 1959

Dear Dr. Stenzel

I have not yet prepared any applications for graduate school as I told you I would. The reason for my delay is that I heard from some of the professors at Lamar Tech that there was to be a new chairman at UofT this fall. I was told that Van Sicken was to be chairman.

If this is true, there may be a possibility that he may release my thesis grade and I could get my degree before attempting to gain admission to any other graduate school.

Possibly, you may know this Van Sicken. I do not know him but there was a Van Sicken who taught a night class there at UofT in the Spring of '57. If you do not know him I will contact him and see if I can do any good with him. If he is to actually be chairman

I still have the applications for schools, but I would like to hear from you before I take any further action. If the mess at UofT could be cleared up before I mail any applications it would make my record look much better.

Give my best to the girls - I'll be hoping to hear from you soon.
