

January 21, 1950

Mr. Arthur Wrigley
60 Pollards Hill South
Herbury
London S. W. 16, England

Dear Mr. Wrigley:

Thank you very much for the highly interesting article by H. Dighton Thomas and A. G. Davis on "The Pterobranch Rhabdopleura." I suspect that some of the puzzling tubes in the Eocene of Texas are of the same genus.

Please convey my thanks to the two gentlemen.

With best regards, I am

Sincerely yours,

H. B. STENZEL
Geologist
