AIR MAIL

Dr. Horace J. Sawin
c/o University of Delaware
Newark, Delaware

Dear Hod:

Shell is sending me to the International Zoological Congress at Washington, D.C., and I have reservations at the Shoreham, 2500 Calvert Street, N.W., Washington 8, D.C., for August 16-28. The sessions on Zoological Nomenclature will be rather important. Afterwards, I must study the Ostreidae at the National Museum for a week, approximately. From about September 4 on to about September 15, I shall be in Philadelphia or vicinity for work at the Academy. This opportunity to see collections and libraries should be very helpful to my present work.

At the same time I hope to be able to collect some Exogyra cancellata and costata in New Jersey for oxygen isotope studies. It would be good if we could get together again. Perhaps you should spend some time at the Congress too.

Best wishes.

Sincerely,

H. B. Stenzel
