Dear Dr. Stenzel:

Thank you very much for your recommendation of Mr. George Edwards Gordon.

We have decided to admit Mr. Gordon to the Graduate School. His undergraduate record is sufficiently undistinguished, however, that we are not able to give him a fellowship. On the other hand, we cannot award him a scholarship, which merely takes care of his fees, because such a grant would prevent him from continuing in his job. If he comes here and does good work, we may be able to give him sufficient financial assistance so that he may be relieved of the necessity of holding a job in industry.

With best regards, I am

Cordially yours,

Carey Cronois
