PLANET TEXAS 2050

A UT Grand Challenge

A Conversation with Marvin Odum, Houston's Chief Recovery Officer

Join us for a conversation with **Marvin Odum**, chief recovery officer for the city of Houston, moderated by Texas Tribune co-founder and CEO **Evan Smith**. This event is presented and co-hosted by the McCombs School of Business at The University of Texas at Austin.

In 2017, Houston Mayor Sylvester Turner appointed Odum to lead the city's recovery effort from the historic damage it suffered as a result of Hurricane Harvey. Find out where recovery efforts stand, how Houston plans to mitigate future flooding, and what this could mean for business, real estate, and the people whose homes may be in the next storm's path.

DATE AND TIME

Thursday, October 11, 2018

7:30 - 9 a.m.

LOCATION

Rowling Hall at the McCombs School of Business
300 W. Martin Luther King, Jr., Blvd.
Austin, TX 78712

This event is free and open to the public. Coffee and networking begin at 7:30 a.m., followed by the interview at 8 a.m. Paid visitor parking is available in the AT&T Conference Center garage (parking fee not included in registration).
