SPACIOUS LOBBY AND SAMPLE ROOMS

CROCKETT, TEXAS

Oct. 3, 1934

Dear Mr. Stenzel—

I just received your letter. It came just as I was making preparations to leave Crockett to go first on a field trip in eastern Mississippi with the Shreveport Biological Society and then to Cincinnati, <sup>Ohio</sup> and Charleston, W. Va. on vacation. So I will not get to see you until some time in November but will be sure to look you up when I get back to this country. We have some good fossil localities to show you.

Mrs. Clark is in Cincinnati now having left last Saturday.

Best regards to you and Mrs. Stenzel. We will look forward to seeing you when we return.

Yours very truly, J. W. Clark

P.S.

Was at Bryan Monday  
night and was told by Mrs  
Parks that you had been  
there and were going to come  
near to where we were located.
