Dear Dr. Stenzel,

This is to inform you that we have got a prolongation of the export license of the little collection of oysters which you have on loan from this museum. They are now due back before July 7, 1967, so there is ample time for you to finish your study of this material.

Fortunately my health has improved these last weeks and so I am doing again part of my work, hoping that summer will bring complete recovery.

With all best wishes

yours sincerely

(C. O. van Regteren Altena)
