## Yellow Ball Project

Robby Slaughter, [robman@mail.utexas.edu](mailto:robman@mail.utexas.edu)  
Jim Maxwell, [jmax@mail.utexas.edu](mailto:jmax@mail.utexas.edu)

### Purpose:

To promote awareness of juggling and the manipulative arts at UT Austin, and to foster increased membership in the Texas Juggling Society.

### Description:

The *Texas Juggling Society* wishes to distribute around 250 sets of juggling balls, instruction guides, and flyers to students, faculty and staff on the UT West Mall from October 18th - 22nd. Individuals who accept these promotional items will use them to learn to juggle, and can also then attend special "Learn to Juggle" sessions on evenings during that week. Once they master the basic three-ball cascade, they will be encouraged to give their "yellow balls" to others also interested in learning to juggle.

### Goals:

The **Yellow Ball Project** hopes to achieve a number of goals:

- To teach 100 members of the UT community to juggle.
- To promote awareness of the juggling and the *Texas Juggling Society*
- To increase the number of active students in our membership

### Needs:

To achieve our goals, we estimate we will need about \$350.00 in funds to purchase the promotional juggling balls and to buy colored paper for our flyers. An initial inquiry priced inexpensive balls at about 40 cents each.

We would also like to request a copy account in the Student Government office for 1,000 copies, which would allow us to produce signs, flyers, and juggling instruction cards.
