Appointment of Mr. C.F.K. Hague as the Member for Great Britain

The Ministry of Production announced on December 28, 1943, that the Combined Production and Resources Board had formed a Public Utilities Committee to assemble all pertinent facts, and recommend to the Board such action as may be advisable concerning requirements, supplies and production of equipment to re-establish electric, gas and water services in liberated and conquered areas.

The Ministry of Production is now able to announce the appointment of C.F.K. Hague, Deputy Managing Director of Babcock and Wilcox, as the member for Great Britain. He will shortly be leaving this country to take up his duties in Washington.

Sir Henry Self is acting as Great Britain's representative pending the arrival of Mr. Hague.
