Dear Emmett: Many thanks for the mimeo material; I enclose, as permitted, the two bills. Thank you also for the fascinating article from Mines; but, what do the tablets say?? And what does their combination add to our knowledge? And will there be other ~~the~~ "books" of two or more tablets written by the same hand at one and the same time, or belonging together anyhow?

I was last week in Cuciumati and I was sorry to hear that the Semples are so ill (somebody said that this keeps them from looking after you), and that nothing is known of Carl B.'s view on your future. Did I ever tell you that I had a long and unsatisfactory post-midnight chat with Frank B. in Rome. He said it was all up to Carl.

I know you are busy, but I wonder whether you could not drop me a line if you know of something which I could do to make your task easier. Remember it is not curiosity but the desire to do the right thing.

Give my warm greetings to your wife.

Very sincerely yours,

Thui
