

August 17, 1961

Dr. Gordon Gunter
Director
Gulf Coast Research Laboratory
Ocean Springs, Mississippi

Dear Dr. Gunter:

Thank you very much for your informative letter of August 14. In the meantime, I had come a little nearer to the solution of some of these puzzles. The reprint is most welcome and may help me.

I really hope you will find time to work on the Pycnodonte. The only information on the anatomy of Pycnodonte seems to be a paper by Pelseneer in the Siboga Expeditie reports, which I have not yet seen. So you really have a good field. Mr. Waldron of New Orleans, my former assistant at the University of Texas, was here recently visiting with me. I am glad he is doing so well.

Best wishes.

Sincerely,

H. B. Stenzel
