Professor J. Wyatt Durham  
Department of Paleontology  
University of California  
Berkeley 4, California

Dear Wyatt:

That bad left foot I had during my stay in California turned out to be an acute attack of gout, my first one and the last one, I hope. Perhaps I ate too much of the good seafood.

There are two things that stand out in my memory. The marvelous view from your picture window and the excellent dinner at your home. Please accept my thanks for your hospitality during my stay and give my special regards to Mrs. Durham. I hope you both will be in Houston for the convention, so I can reciprocate.

The mountain of notes I made in California still has me struggling. They have to be integrated into the manuscript. It was a pleasure to use the libraries on the campus.

Thanks and best wishes,

Sincerely,

H. B. Stenzel
