

Utrecht 9 June '26.

Dear Stenzel,

This morning I received your letter. The
mail in Utrecht is military. Next
Saturday I go to O'dam again.
For two weeks I received a telegram
from India that I can get a
position there. It is a survey position.
I have now just what I want.
Money enough and fine work.
Brown did his best. My station is
Bambay with a nice climate, the
"kurort" of Yora. I start in the
beginning of September. Now and then
I will send you cards of my voyage.
It is already two months ago I
heard something from Cloos.

Glinka is very nervous I will not
marry her, but she is to Austria to
be able to live in India I think
I go unmarried. First I must be
sure ~~to~~ that I can live myself
there, and I too must have money.
For I have nothing more now.
Next ten somewhat more.

My best wishes for you
Yours
Hainich.
