ORIENTAL STUDIES

February 20, 1948

Dear Miss Kober:

Thank you very much for your letter of the 17-18th. I am sure your name is still under consideration at the U. of P., or was a few weeks ago, when Zellig Harris wrote asking me to give him my opinion of you, which I did. I imagine they will make an appointment some time, but things move slowly, as often in such cases.

What you say about the publication of the Minoan materials seems to me entirely sound and sensible. I really cannot understand any other attitude. It seems to me that ~~Blegen's~~ ^{Blegen's} position is indefensible.

All best wishes,

Yours always,

Franklin Egerton
