Never get thru sections down to a fine art and  
can really study the specimens -  
Have you written oil is found in quartz crystals?  
How is the Mesozoic?

Hi Doc.

Hope to see you one of  
these days - I've got quite a lot of  
work from Eocene to Jurassic in  
Virgin territory - there's quite a lot  
of bugs new here to publication.  
Hope this finds you & the family  
well.
