

November 20, 1951

Mr. Jack L. Woods  
Assistant Geologist  
Queensland Museum  
Brisbane, Queensland  
Australia

Dear Mr. Woods:

In response to your letter of November 14, 1951, I am sending you several of my separates on fossil crustaceans including the one you asked for. I am glad you can use them and shall send later publications.

We are here trying to build up our Geology Library; it is a difficult task. I would be much obligated to you if you could send me a list of the publications of the Queensland Museum and of such other local institutions which have publications of interest to geologists and paleontologists.

Sincerely yours,

H. B. Stenzel, Geologist

HBS/st
