March 24, 1959

Dear Dr. Stenzel:

Needless to say I was quite happy

and proud to have been in attendance when  
you received your award in Dallas. I regret

however that I did not have the opportunity

to visit with you and extend my congratulations.

Hence the purpose of this letter and hope

that it will not be too long before I do have

this chance to see you

Cordially yours

J. W. Inkster
