Rice Institute  
Houston, Texas

Dear Dr. Stenzel:

Thank you for the copy of your recent paper Pelecypoda from the Type Locality of the Stone City Beds (Middle Eocene) of Texas. I am delighted to receive this book, for you and your associates did a fine job. This will be very useful in reworking our Eocene pelecypod collection.

Dr. Woodring was here recently examining specimens and he told me that you had had some physical trouble. I hope that you now are back in good shape.

With best regards,

Yours sincerely,
