Dear colleague

Mr. Bennett,

I thank you ever so much for sending me your very important correctures and addenda to the new standard work of Evans & Myres to which you made already such substantial contributions by checking the numeration of the tablets and re-joining unregistered fragments in the Iraklion-Museum. Now, I think, the labour after all these exact preparations and the new excavations and finds in Cyprus can make good progresses.

With many thanks for all your kindness you have shown me

I remain very sincerely Yours

E. Sittig.
