

SOCIETY OF ANTIQUARIES OF LONDON,
BURLINGTON HOUSE, PICCADILLY, W. I.

14th February 1957.

Dear Mr. Brice,

I have had some conversation with Sinclair Hood who is in this country for a week or two, and he has reported to me that there are a good many new inscriptions that he thinks should be included in Scripta Minoa III if it is to be as useful as we hope. I have encouraged him to write to you about it, as I felt that the moment was opportune for you to consider his suggestions before the small committee meets at 2.30.p.m. on March 6th.

He is sending me a copy of his letter which I shall have an opportunity to show to Mr. Radford next week.

Yours sincerely,

John Corder
